### GRADING

Your grade (Pass/Fail) is based on attendance and participation in the discussions. Papers provided by the speakers will be emailed to students a week in advance. All students will come to class prepared to participate in the discussion, which means having read the paper and thought about potential discussion questions. Attendance in class is required, but if you need to miss class for a justifiable reason like attending a meeting or field work, please let me know as soon as possible (you will still be expected to read the paper, and in this case email the instructor a few questions to show you read the paper).

### Reminders about University Policies:

Please follow ODU policies regarding Classroom Conduct and Honor Code
